

GSFL Series Manual Telescopic Lighting Fixture

Key Features

- * Fixed Extension Range: 200-450mm
- * Power Supply & Output: 2-4 sets of AC 220V 16A output, 2 sets of DMX512 signal output
- * Lifting Mechanism: Gravity descent, manual lift
- * Safety Feature: Multi-purpose safety pin to prevent falling when fully extended

The GSFL Series Manual Telescopic Lighting Fixture is designed for the temporary suspension of stage lighting equipment. Ideal for spaces with dispersed suspension points, limited building heights, and low ceiling clearances, it is perfect for use in conference centers, banquet halls, wedding chapels, fashion show runways, exhibition halls, press rooms, and medium to small-sized conference rooms. All transmission mechanisms and control systems are concealed within the pole, ensuring precise operation, a sleek appearance, and providing reliability, safety, and durability.

Product Specifications Table

Model	Equipment dimensions(mm) (DxWxH)	Maximum load capacity (kg)	Maximum telescopic range (mm)	Ceiling opening dimensions (mm)	Net weight (kg)
GSFL-3002	165×242×528.5	300	200	φ175	6
