# FANTASY SERIES

## MOTORIZED TABLETOP SCREEN (FHII)

**16 : 9**　150" Flexible Compatibility — Turn Any Space Into a Portable Theater

## Design Philosophy

The Grandview FHII Tabletop Motorized Screen is designed for quick setup without drilling, making it an ideal solution for home entertainment, offices, and flexible projection spaces. Simply place it on a flat surface, connect the power, and the screen is ready to use—truly plug-and-play convenience.

A high-precision motorized lift system allows the screen to rise and retract smoothly via remote control or onboard buttons. The quiet, controlled motion protects the fabric from damage and ensures the screen remains flat and wrinkle-free when fully extended. Whether displaying 4K movies or business presentations, the FHII delivers clear, accurate, and detailed images, providing both ease of operation and a premium viewing experience.

Casing Options

White / Black

## Core Advantages

### Hidden Carry Handle

Fully recessed when not in use for a clean, seamless appearance; easily lifts out for convenient transport.

### Long-Lasting Durability

The enclosed casing shields the screen from dust and scratches when retracted, helping extend its service life.

### Versatile Control Compatibility

Manual, remote, RS485/232, and dry-contact control provide easy integration and smooth operation in any setting.

### Tool-Free Tension Adjustment

Easily fine-tune screen tension with a simple knob—tighten or loosen without tools.

### High-Precision Joints

Reinforced support arms resist twisting or deformation, ensuring stable performance with no ongoing maintenance required.

### Adjustable Leveling Supports

Built-in threaded leveling supports allow precise height adjustment, keeping the screen level and stable.

## Accessories

- Standard:

RF wireless remote

IR remote

- Optional:

USB wireless trigger

Adjustable Mounting Bracket

## Compatible Screen Fabrics

Designed for versatility, each fabric type works seamlessly with projectors, laser TVs, and more, ensuring easy setup and reliable performance.
